### Accreditation Statement

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint providership of the U.S. Army Medical Command and WALTER REED NMMC. The U.S. Army Medical Command is accredited by the ACCME to provide continuing medical education for physicians.

## Addiction-Webinar

## A WRNMMC Richmond VAMC Collaboration

## What is Addiction-Webinar?

Addiction– Webinar is an innovative program leveraging video conferencing technology to allow specialists to provide expert advice, education and support to primary care providers and their staff in rural and remote settings. This program meets the Secretary of Defense's directive to "implement more cost-effective and efficient methods to train, plan, collaborate and disseminate information."

**What are the benefits to YOU, the providers who participate in**

**Addiction-Webinar?** Through participation in *Addiction –Webinar*, providers will gain knowledge and confidence in managing patients with addiction issues. This program hope to expand awareness of addiction to clinicians. Providers will have regular and reliable access to specialists who will provide support and specific recommendations for their patients. This model has been shown to improve professional satisfaction and to reduce feelings of isolation. Additionally, one CME is provided to participants per month.
